

AIMS TO OBTAIN MAIL EXPRESS SERVICE

Fort Myer Heights Citizens' Association to Seek Facilities for Rosslyn, Va.

Better facilities in Rosslyn, Va., for handling mail, express packages and baggage were demanded at a meeting of Fort Myer Heights Citizens' Association last night. Improvement of York street and the widening of the embankment at the intersection of Washington and Arlington streets, which has proved a danger point, also were asked.

"There is not an express office in Alexandria county," said Walter Pickett. He made a motion to refer to the Civic Federation the problem of obtaining express and baggage facilities at the Washington city post office and then sent back into Virginia. A committee, consisting of C. B. Wadleigh, C. H. Greathouse and W. O. Pickett was named to inquire into the postal conditions and suggest improvements.

How Mail Is Handled.

Mail from Rosslyn for the county and other North Virginia offices is carried to the Washington city post office and then sent back into Virginia. A committee, consisting of C. B. Wadleigh, C. H. Greathouse and W. O. Pickett was named to inquire into the postal conditions and suggest improvements.

A committee, I. N. Roy and Charles T. Jesse, was directed to go before the county supervisors today and ask for immediate grading of York street, from Alexandria avenue to Volzons on the Falls Church electric road and the construction of a sidewalk there. Also the widening of the roadway where it passes over an embankment two miles east of high and hardly as wide from Alexandria avenue into Washington street, making a right angle. Last week a jitney and an automobile were barely prevented by the board walk from going over the bank at this point and the walk was badly torn. The renewal of the whole walk will be asked for.

FIFTEEN TEAMS CLOSE IN SHOOT AT SEAGIRT

Marines in Lead With Sensational Score of 95—Fight for Nevada Trophy On.

Special Dispatch to The Star.

RIFLE RANGE, SEAGIRT, N. J., September 14.—Fifteen teams today were closely linked in the high scores at the first stage in the New Jersey two-man team match, one of the novel events on the 1915 Seagirt shoot program. With a sensational score of 95, Ollie M. Schriver and J. H. Pullin of the United States marines were in the lead. They were being pressed hard for the initial place, however, by a New Jersey team, composed of Maj. Winfield S. Price and Lieut. Curt O. H. Kayser, who had 94, and another Marine Corps team, Sergt. G. S. Kane and Sergt. Henry Baptist, who also had a total of 94.

The big Nevada trophy match, an individual event, brought out some high scores in the 300-yard stage this morning. Maj. A. E. Wells of New York and Lieut. L. H. Smith of the Marine Corps scored perfect scores with ten bulls-eyes. Lieut. W. H. Rupertus and L. H. Smith, both of the marines, led with scores of 96. Sergt. Henry Baptist of the marines had 95.

Capt. Charles F. Silvester of New Jersey was high at the end of the first stage of the officers' and inspectors' match, with a total score of 48, only two shy of a "possible." Maj. W. B. Martin of New Jersey, Lieut. Col. A. T. Tewes of New Jersey and Capt. W. S. Richards of the Winchester Club each had 47. Other scorers in the officers' match were: Thomas Holcomb, marines, 44; Lieut. R. S. Kayser, marines, 43; Maj. A. E. Wells, New York, 42; Owen Smith, New Jersey, 42; Maj. W. S. Price, New Jersey, 42; Lieut. Curt Kayser, New Jersey, 41.

New York yesterday won the McAlpin trophy with a total score of 1,107; second, marines, with 1,095; third, New Jersey, with 1,085; and fourth, District of Columbia, with 1,023.

The team score at 1,000 yards and totals follow: New York, 325, 1,107; New Jersey, 325, 1,085; marines, 324, 1,095; District of Columbia, 222, 1,023.

MARINES WILL BE TRIED BY ARMY WHEN WITH IT

Navy Department Voices Gratification Over Decision of Federal Court.

The Navy Department today announced gratification over a decision of the federal court in Pennsylvania which establishes that when marines are detached by order of the President for army service the War Department is charged with the duty of dealing with offenses committed by them while so serving. The issue was raised in the case of Private Tonkin S. Davis, a marine, who for an offense at Vera Cruz was convicted by a navy court-martial over a protest of his counsel that he was subject to trial only by an army court-martial.

The judge advocate general of the navy sustained the objection that the naval court-martial was without jurisdiction and the case was open to army trial. Upon habeas corpus proceedings the federal district court for the eastern district of Pennsylvania held that the navy had no jurisdiction over marines serving with the army by order of the President and that they are subject only to trial by an army court-martial. In the future no difficulty is anticipated in administration of discipline of the Marine Corps upon detachment for army service.

BOSTON HERALD IS SOLD.

Bought by Holders of Its Securities for \$1,800,000.

BOSTON, September 14.—The property of the Boston Herald, Incorporated, publishers of the Boston Herald and the Boston Traveler, was sold at auction for \$1,800,000 today to F. De G. Sullivan of New York, representing Morton F. Plant and other holders of securities of the Boston Herald, Incorporated.

Several weeks ago advertisements in the newspapers announced that the property would be sold because of the default of payment of interest on the bonds.

Mr. Sullivan acquired the property for the Boston Publishing Company, a corporation organized by him and his associates to continue the publication of the papers. Robert L. O'Brien, elected president of the new company, will remain in direction of the editorial and news policy of the papers.

H.

In Charge of French Aviators.

PARIS, September 14, 3:40 p.m.—The cabinet decided today to create an undersecretary of state for aviation and aeronautics. The new post was given to Rene Desnard, who has served as minister of labor, minister of colonies and undersecretary of finance.

CONFIRMS STATEMENTS MADE BY THE WORLD

Samuel Gompers Admits Efforts Were Made to Cause Longshoremen to Strike.

Samuel Gompers, president of the American Federation of Labor, has issued a statement confirming statements made in the New York World to the effect that efforts were under way last spring to cause a strike among longshoremen on the Atlantic coast. The purpose of the strike, it is asserted, was to hamper shipments of war munitions to the allies. Mr. Gompers directed attention to the fact that he had already written to Ernest Bohm of the New York Central Federated Union intimating that agents of foreign governments had tried to corrupt labor leaders and cause strikes among longshoremen.

In the statement mention is made of a Boston man named Cummings who was mentioned in newspaper reports as being eager to enlist labor men in the strike movement. Mr. Gompers said:

Cites Letters to Ernest Bohm.

"Replying to the question as to the exposure, published in this morning's New York World, regarding the efforts of the agents of foreign governments to corrupt leaders of labor for the purpose of inaugurating strikes among longshoremen, it may be interesting to call attention to the fact that in my letter to Ernest Bohm, secretary of the New York Central Federated Union, of June 18 I intimated that subject and then in response to his query in my letter to him of July 25, I said:

"When the time shall arrive and further disclosures are necessary the people will learn with astonishment what has already taken place, and the obligations, which all owe to the representatives of labor and what great temptations they have been faced and patriotic enough to resist, in the efforts to maintain first a strict neutrality in the present European war, and also to insist that the American labor movement shall be conducted by the rank and file of that movement of our country, free from corrupting influences of foreign governments."

TAKES UP EASTLAND CASE.

The federal investigation into the steamship Eastland disaster in Chicago and resulting charges against members of the steamboat inspection service were discussed by President Wilson today with Secretary Redfield, who took personal charge of the situation.

Secretary Redfield also conferred with the President regarding plans for putting into operation the seamen's law passed by the last Congress. The effect of an opinion by Attorney General Gregory that the provision of the law relating to safety appliances for vessels would not affect many ships under foreign registry, was discussed, but no conclusion was announced.

Following his conference with the President, Secretary Redfield said that nothing further could be done in the federal investigation into the Eastland disaster, until criminal proceedings in Chicago were completed.

Not since "Rebecca of Sunnybrook Farm" has there been published a story of such appealing charm as this one of Judy, of the Orphan Asylum and her unknown benefactor, Daddy Long Legs.

In addition to this, there are some other splendid things including novelizations of the year's biggest dramatic successes. They are all
